The Employment Development Department (EDD) is working with the Governor's Office of Emergency Services (OES) and other State agencies to coordinate the provision of assistance to flood victims.

Assistance and referral information is being developed specific to affected areas. The EDD Field Offices may be contacting Services Delivery Areas (SDAs) for information relative to employment and training programs and other community resources. The SDA cooperation will be appreciated.

Additionally, it has been determined that the distribution of this information once developed could be an appropriate temporary job creation (TJC) activity. The OES representatives may be contacting SDA administrators and service providers in some instances regarding the allocation of a TJC position(s) for this purpose.

Please refer any questions regarding this matter to Luis Hermosillo at (916) 654-5416 or Laine Hendra-Aldrich at (916) 654-5595.

\S\ JIM CURTIS, Manager
